(5) It will be a long time before the European system of medical relief can be extended to villages like Chikkondanahalli. As faith plays a great part in medical treatment and as the people of the village are keen on having one of the Pundits of the place appointed Vaidya on a salary of Rs.10/- per mensem, the proposal may be sanctioned temporarily for a period of 6 months, especially as it has the support of the District Board The Board may be asked to report about the work of the Vaidyasala, at the end of the period.

(6) In Government Order No.1-3/Muz. 304-10-2 dated 1st July 1912, the scale of pay for candidates passing out of the Ayurvedic College, when appointed to Vaidyasalas, has been fixed at Rs.15/- rising to Rs.30/- per mensem. If the Union Panchayet is prepared to raise the salary of the Vaidya to Rs.15/- per mensem, it may perhaps be possible to get a passed candidate from the Ayurvedic College. The President of the Board may be asked to ascertain from the Head Master of the Ayurvedic College whether any qualified candidate from the college is available for service at Chikkondanahalli, on the salary it is prepared to pay for him, and if there is one, the question of appointing him, after the tenure of the Vaidya sanctioned in the above paragraph expires, will be -

SIR,

I have the honor to state that last year, the people of Chikkondanahalli, in Chitaldrug Taluk, urged the necessity for the establishment of a Native Vaidyasala in their village and the subject having come before the District Board was deferred for consideration later on mainly with a view to see how far the finances of the Union would improve by the levy of fees at the weekly santhe of the place that had just then been introduced as sanctioned in Government Order No. 7896-8/L B126-15-3 dated 25th April 1917. It is now ascertained from the actual collections from 1-7-1916 to 31-12-1916 that the Union can secure an average income of 20 rupees per mensem from this new source. The Union Panchayat is in favor of opening a native vaidyasala at the village and it has resolved that an yearly allowance of Rs.100/- be made for the vaidya to be placed in charge of the proposed institution. The District Board has resolved at its meeting on 20-4-1917 that an annual grant of Rs.120/- per annum or Rs.10/- a month may be sanctioned for the Pandit if a suitable Ayurvedic physician can be secured. (vide copy of the enclosed resolution).

2. The Village of Chikkondanahalli which is rather an unhealthy place is situated at a distance of about 14 miles from Chitaldrug and the villagers cannot be expected to go so

far for medical aid. It is necessary therefore, that a vaidyasala should be provided for the village. But the difficulty lies in getting the services of qualified Pandits who expect a monthly salary of Rs.30/- to 40/- and the poor finances of the Union do not admit of such a large expenditure. There are however, some local people available who are practicing as native Pandits. Some of them have got certificates from a former pandit of the Mysore Ayurvedic School to say that they know how to administer native medicines. If the villagers have got confidence in any of them, a vaidya may be appointed for the village within the grant approved by the District Board.

The Scale fixed is Rs 15 rising to Rs 30

3. In these circumstances, I request that the opening of a vaidyasala at the village may kindly be sanctioned from 1st June 1917. On receipt of sanction a local pandit will be given a trial in the Institution.

I have the honor to be,
